Welder/Fabricator Apprentice - Seasonal with opportunity for Permanent

R&S Fence Co. provides fencing and railing to the central Pennsylvania area and beyond. We are growing and looking to add the right person to our great Team to use their WELDING SKILLS to fabricate various chain link and aluminum products.

This role is a great starter position for someone interested in developing their welding skills. Work will be completed alongside an experienced welder for specific training in processes, techniques and quality.

Job Duties and Responsibilities:

- Measure and cut raw materials to order.
- Light-duty welding of round stock steel tubing for chain link gates
- Light-duty welding of square stock aluminum tubing for aluminum gates
- Fabricate and weld gates to drawing and specifications provided
- Follow directions, feedback and priorities provided by supervision
- Provide high attention to detail, accuracy and quality in output
- Run various welding equipment, forklifts and other equipment as needed.
- Complying with safety and operational guidelines, policies, and procedures
- Other duties as required

Minimum Qualifications:

The following qualifications are needed to succeed in this role:

- A minimum of 1 years welding experience
- Ability to work independently to meet deadlines
- Good performance/work history and excellent attendance record
- Excellent organizational skills along with workplace orderliness and good housekeeping
- Work in cold and/or hot temperatures throughout the day with physical exertion required
- Exemplary safety performance
- Ability to read, write, comprehend, follow verbal and written instructions and possess basic mathematical skills
- High School diploma or equivalent
- Must have valid driver’s license
- Ability to lift 50 lbs on a regular basis and stand/walk for most of the shift

Job Type: Full-time

8-hr shifts Monday-Friday with overtime occasionally required

Pay: Starting wage $16.00 - $18.00 per hour depending on experience
